Labirindul matematic

Grupa nr. 1

The maze consists of several paths of mathematical problems. The problems are:

- Top left: $2 + \square = 6$
- Top right: $\square + 4 = 7$
- Middle left: $\square - 2 = \square$
- Middle right: $2 + \square = \square$
- Bottom left: $\square + 2 = \square$
- Bottom middle: $\square - 4 = \square$
- Bottom right: $\square + 5 = \square$
- Far right: $0 \square - 3 = \square$
- Bottom left (inner): $\square - 1 = \square$
- Bottom middle (inner): $8 - \square = \square$
- Bottom right (inner): $\square - 5 = \square$
- Bottom left (outer): $\square - 1 = \square$
- Bottom middle (outer): $\square + 3 = \square$
- Bottom right (outer): $\square + 3 = \square$
- Bottom right (outer): $\square + 3 = \square$

Cartoon illustrations include a chick at the top left, a chick at the top right, a chick at the middle right, a chick at the bottom middle, and a chick at the bottom right. There are also several cracked eggs scattered throughout the maze.
